

MIKE WILSON'S FXR

Mike Wilson of Belton, Missouri customized two bikes—one for himself and one for his wife, Gail. This 1989 FXR is technically his; however, both bikes are ridden every day with at least one drag race a week. Mike says that these were the first customizations he has done, noting that both bikes were built with fun and function in mind. The FXR's 113ci S&S engine reportedly puts out 121 hp with 127 ft./lbs. of torque. Mike had so much fun he decided to customize another pair. **HRB**
